

Handling Sets VEE

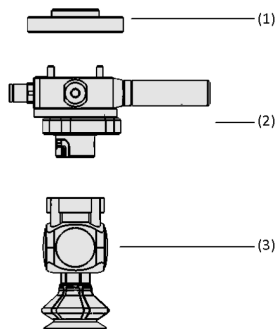

Suitability for Industry Specific Applications

Applications

- Ready-to-connect handling set for lightweight robots and cobots based on a pneumatic vacuum generator
- Contains the vacuum generator, flange and gripper
- Pick-and-place applications
- Use in primary and secondary packaging processes

Handling Sets VEE

Design

- Flange adapter plate (1) for mechanical connection to the lightweight robot or cobot
- Vacuum generator (2) with integrated flange module for gripper connection
- VEE end effector (3) with a replaceable suction cup
