

Cables and Plugs for Vacuum Switches

Cables and Plugs for Vacuum Switches

Suitability for industry specific applications

Application

- Electrical connection of vacuum and pressure switches
- Adaptation of the connectors to customer requirements

Design

- Electrical connection cables with screw-in M8 connector (to meet IP 65 requirements) or plug-in connector
- Various lengths
- Available with PUR (for high dynamic requirements)
- Additional option by connecting plug M8 to M12

Product highlights

- Electric connection cables and adapters for all switch types
- Wide range for the most diverse requirements and local standards
