

# Holder System Magnetic Grippers SGM-HP/-HT

## Suitability for industry specific applications

### Applications

- For connecting magnetic grippers SGM-HP/-HT to the gripping system.

Holder System Magnetic Grippers SGM-HP/-HT

### Design

- HTS version for mounting one gripper
- Ball (A3:  $\varnothing$  28.5 mm; A5:  $\varnothing$  32 mm) or "Apple-Core" cylinder (A2:  $\varnothing$  19 mm)

### Product highlights

- Universally applicable, since tooling connection is possible on different sides of the gripper
- Fast, reliable adaptation to a wide range of workpieces thanks to outstanding connection options
