

Holder System Magnetic Grippers SGM-HP/-HT

Holder System Magnetic Grippers SGM-HP/-HT

Design

- HTS version for mounting one gripper
- Ball (A3: \varnothing 28.5 mm; A5: \varnothing 32 mm) or "Apple-Core" cylinder (A2: \varnothing 19 mm)

Suitability for Industry Specific Applications

Applications

- For connecting magnetic grippers SGM-HP/-HT to the gripping system.

Product Highlights

- Universally applicable, since tooling connection is possible on different sides of the gripper
- Fast, reliable adaptation to a wide range of workpieces thanks to outstanding connection options
